This card box is designed for the Command Card deck of Memoir '44. This box is big enough for a normal deck without any card protectors.

I suggest that you use a craft knife to cut the form out. The white tabs need to all be folded over and taped or glued in place to create the box. Heavy paper or tagboard works best.

All images are copyrighted Days of Wonder, Inc 2004-2009 and are used with permission.

Note: The white tabs above the “Command Cards” sides are tabs for the lid. Do not tape or glue them to anything or your box won’t open!
