This card box is designed for the Overlord Command Card decks that come with Operation Overlord for Memoir '44. This box is big enough for both Overlord decks without any card protectors.

I suggest that you use a craft knife to cut the form out. The white tabs need to all be folded over and taped or glued in place to create the box. Heavy paper or tagboard works best.

Note: The white tabs above the “Operation Overlord Command Cards” sides are tabs for the lid. Do not tape or glue them to anything or your box won’t open!
